Your Guide to Parking in the Vineland Ramp

(It's closer than you think.)

Entering:

1. Take Hennepin or Lyndale Avenue to Vineland Place.*
2. Turn west on Vineland Place
3. Turn left into the parking ramp and drive past the outside card scanner machine. Just drive right up to the door and it will open.
4. Pull up to the ticket machine and a ticket will print automatically for you.
5. You are now on level P1. The pedestrian exit to Hennepin and Groveland is straight ahead (toward the opposite corner from which you entered). As you head straight toward that corner of the ramp you will see the road that leads up to level PM (mezzanine). You might want to head up there.
6. On either level look for the green EXIT sign by the grate housing the fire equipment.
7. You will find a stairwell and an elevator. If you take the elevator, go up to street level (one floor up from PM and two floors up from P1) which will take you to the Hennepin Avenue pedestrian exit. If you are in the stairwell, keep going up another ½ flight from "street level" which will take you to the Groveland pedestrian exit which is just 170 steps from FUS's Groveland entrance.
8. Be sure to take a parking voucher from the greeter at either entrance to FUS.

Exiting:

1. As you exit the ramp there is a drive-up Pay Station. Insert your parking ticket followed by the parking voucher. If there is a balance you can pay with a credit card.
2. Alternatively, if you prefer, there is a walk-up Pay Station which is off the Hennepin Avenue pedestrian entrance (a ½ flight down from the Groveland Pedestrian entrance). To pay there prior to returning to your car, you will need the parking ticket followed by the parking voucher. It accepts cash and credit cards. Your validated parking ticket will be returned to you and you will need it to exit the ramp.

*See map on reverse.

Cost

If you exit by 12:30, parking is free with the voucher.
If its past 12:30 but you've been in the ramp less than 2 hours, it will cost you an additional $1.
If you've been in the ramp over 2 hours it will cost you an additional $3
